Activity of Chinese Communist Party

We are in possession of a circular emanating from the Union of Workers Syndicates of Shanghai entitled "Statement re victories of Red Armies".

Hereunder translation this document:

"The 'running dogs' of the Imperialists, the Kuomintang, have submitted to the Japanese and have sold the four North-eastern provinces. They have thrown thousands of troops into the anti-communist campaign, in order to prevent the Red armies from opposing the Japanese invader. However, since last year, brilliant victories have been won by communist troops.

500 automatic rifles

several tens of trench mortars
More than \$10,000 worth of material has been seized

General Chen Shih Chi, Commanding the 59th Division and his staff. More than 100,000 soldiers.

c. On March 1 in Szechuen two thirds of the troops under Tien Tsung Yao were annihilated by Red troops at the door of Pachung.
In Kiangsi the Reds have occupied Chingchi and Suwan, where a large amount of munitions were seized. The 2nd officer commanding the 82nd Division went over to the Reds with 1,500 soldiers.

Comrades :

These successive victories have annoyed the Kuomintang which is doing its utmost to spread false rumours. They said, for example, that Chu Teh, Commander in Chief of the Red armies had been killed. A few days later they issued a warrant of arrest against comrade Chu. What is the use of issuing a warrant against a dead man? This shows sufficiently the lies of the Kuomintang.

Comrades, why do the Red troops win victories over the government troops? It is because they are directed by the Chinese Communist Party and because they are supported by the labouring and peasant masses : because they are fighting against Japanese and Imperialists.

Comrades, in celebrating the victories of the Red armies we must :

1. Protest ~~against~~ against the capitalists who support the Kuomintang in their anti-communist campaign.
2. Support the Red armies, arm the masses.
3. Attend the general meeting to celebrate these victories.
4. Dispatch representatives to the Red armies to congratulate them and to comfort them.
5. Purchase planes for the Red armies and
6. Organise "Societies of friends of the Red Armies".
